Who We Are

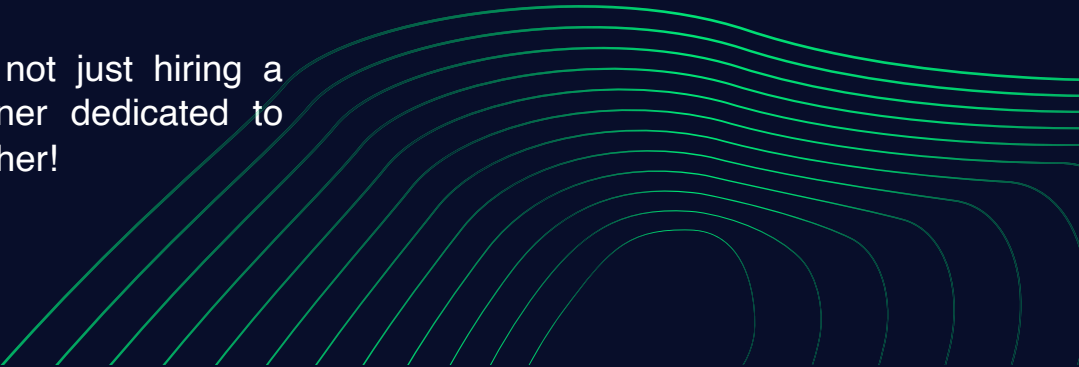

KAZUMI BUILD & ENERGY SDN BHD is a registered company under Malaysia's Companies Commission, fully compliant with the amended Registration of Businesses Act, 1956 (updated in 2001). We officially began operations on 16 January 2024, with our headquarters in Melaka.

Specializing in civil engineering and construction, we are committed to delivering high-quality, durable, and innovative solutions.

At KAZUMI BUILD & ENERGY SDN BHD, we understand that construction is more than just building structures—it's about creating lasting value. That's why we emphasize precision, innovation, and dedication in every project we undertake.

Our team is driven by a passion for excellence and a deep commitment to customer satisfaction, ensuring that we bring strength, durability, and reliability to every structure we build.

With KAZUMI BUILD & ENERGY SDN BHD, you're not just hiring a construction company—you're gaining a trusted partner dedicated to turning your vision into reality. Let's build the future together!

Motto

"Engineered for Strength, Built for Life" this is more than just our motto; it's the foundation of everything we do. We don't just construct buildings, we create lasting solutions that stand the test of time.

Vision

To build a future where strength and durability define every structure we create. With integrity at our core, we strive to lead the industry by delivering projects that stand the test of time—built for life, engineered for excellence.

Mission

To be the trusted partner in civil engineering and construction, providing innovative, sustainable and high-quality solutions. We are committed to building with strength and precision, ensuring our projects not only shape skylines but also enhance communities for generations to come.

Our Core Values

Quality

We are committed to delivering the highest standards of workmanship and materials in every project we undertake.

Innovation

We embrace cutting-edge technologies and creative solutions to continuously improve and set new industry standards.

Customer Centric

Our clients are at the center of everything we do. We aim to exceed their expectations, every time.

Safety

The well-being of our team members and stakeholders is paramount. We prioritize safety in all our operations.

Sustainability

We are dedicated to sustainable construction practices that minimize environmental impact.

The Principal

Mohd Fahmi bin Abd Rahim

A Civil & Structural Engineer with over 13 years of hands-on experience spanning the Oil & Gas and Construction industries. With a strong foundation in both onshore and offshore structural design, vessel transportation studies, seafastening, and tiedown analysis, Fahmi brings technical depth and strategic clarity to every project.

Backed by a Bachelor's in Civil & Structural Engineering and an MBA from Universiti Kebangsaan Malaysia, he bridges the gap between engineering precision and business acumen. His work has contributed to critical management, client liaison, and regulatory coordination.

Fahmi mission through Kazumi Build & Energy Sdn Bhd is to engineer smarter, safer, and sustainable solutions that move the industry forward while delivering ensures that every project is not just built to code, but built to last.

A background image showing construction workers in safety gear (hard hats and high-visibility vests) working on a site. One worker in the foreground is carrying a bucket. A yellow excavator is visible in the background. A green horizontal bar with a series of vertical lines of varying heights is positioned at the top of the image.
